Pre-class Instructions

Please read through your instructions. This will help familiarize yourself with the terminology that I will be using.

If you have made a Judy Niemeyer pattern before and are comfortable with cutting your fabric please have your fabric cut and ready for class.

If this is your first time working on a Judy Niemeyer pattern, please do the following pre class instructions. This will give you more time in class for the important stuff like sewing.

If you have access to the internet, go to YouTube.com and do a search for cutting foundation papers and you will find one with Judy Niemeyer cutting the foundation papers.

One thing that Judy forgets to mention is that when you are stacking your papers make sure that they are all the same papers.

When picking out your fabrics be sure that there is a good **contrast** between your spikes and backgrounds, otherwise your spikes will be lost.

Please label 3 large ziplock type bags #1-3.
