Westside Quilters Renewal Time..... Yes, yes sign me up!!!

Many unusual events have been capturing our attention these days so it's understandable if June and July came and went unnoticed along with your guild membership which has made another trip around the sun. All of you are so important to our guild, and we can't imagine going forward without you.

We have some exceptional programs planned for the coming year. I've even heard a rumor that September will have a free fabric exchange as a membership perk. That gives me a bit of time to sort my stash and pare down—if I don't, I'll have to live to be 200 to use it all. Particulars will follow when logistics are finalized. It's been a long time since we've had a fabric swap, and I know it will be fun.

So, my fellow quilt and fabric junkies, pull out that checkbook, PayPal, Zelle, credit card that gives you points, or even cash (can you believe) and come along for the ride. We'd really, really miss you if you don't. A renewal form is available in this Newsletter.

Bring friends along to our August 2nd meeting at Sewing Arts as our guests—no charge, totally free, zipo. We'll be delighted to meet them.

Sonja Daniel, WQ Membership Chairperson

P.S. Our awesome work-of-art Newsletter, is a treat to read each month. After the August edition is published, however, the "Purge Gremlin" gets down to business and just chucks out the roster names that don't say "Renewed". Terrible fellow! Avoid this mishap and renew before the Mid-August deadline. Scd

Barbara Danzi

Trunk Show

Saturday, August 2nd

Sewing Arts Center

Barbara Danzi is an artist who makes art quilts to be hung on the wall like paintings. She incorporates bold shapes and lines with a hand drawn look.

Artist statement

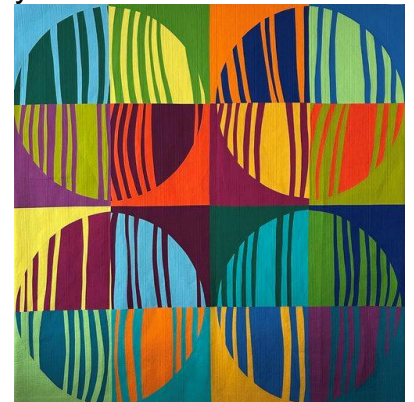

I am an artist making large scale abstract quilted textile art.

I begin each piece using expressive lines and shapes from fabric and stitch seam lines that look hand drawn and painterly. I approach my work improvisationally cutting textiles into shapes and “drawing” the lines that become stitched seams. There is a sense of the “hand of the maker” in my work. Art, craft, science, technology merge in my work. I focus on blurring the line between quilting and fine art.

The color in my work is inspired by my outdoor adventures and urban life. From backpacking in the lush green forest in Maine to kayaking in California’s Channel Island caves, SoCal beaches and NY’s Hudson River. I also bring in shapes from city buildings, bridges, train tracks, gates and archways.

I create the composition by arranging the pieces on a 14’x8’ design wall. Sometimes I rearrange the elements many times to achieve the best figure/ground tension. I then sew the pieces together leveraging an engineering process to achieve a flat quilt while preserving the hand cut lines and curves.

My professional and educational background in engineering, technology, and cybersecurity trained my brain to be curious, absorb information through diffuse awareness, and assimilate disparate facts and images into a cohesive vision. My goal is to make beautiful art following good design principles, and I often incorporate a deeper meaning from social justice or environmental concerns.

Leadership.....

What's New....????

So Cal quilters had a run July 10-12 and July 17-19. I used it as an excuse to meet Del Walker in Simi Valley at Quilty Pleasures. I did more of a jog than a run. The beauty of a quilt run is that every shop is different and carries different fabrics. Every shop had a different free block pattern and free fat quarter. Also, kits to buy if you wanted to easily complete the blocks. This run had 15 shops from Thousand Oaks to Palm Desert. I heard that one woman completed her run by the first Saturday, spending about 20 minutes in each shop. Way too fast for me. You might to put this Run on your 2026 calendar.

Thinking ahead, Road to California is looking to have an exhibit of quilts with the theme: "Home is _____". An email will be coming with more information from the Road to California team. The quilts need to be made this year by a group or an individual. The maximum dimensions are 260" around the perimeter.

Around the corner in September is a Sew-In where we hope that you will come to work on quilts for fire survivors. It has been suggested that members either bring a pre-purchased jelly roll or make up your own from your stash. Width is 2 1/2 ". We could even trade strips.

You can't participate unless you have renewed your membership. Printed forms will be available at the August 2 quarterly meeting at Sewing Arts Center, 2306 Corinth Street, LA, CA 90064. Cash, checks, PayPal (Westside Quilters @Yahoo.com), or Zelle is accepted. After August, those members who have not renewed will no longer be emailed the newsletter. The Newsletter is the best way to find out what is happening with Westside Quilters. Programs have contracted with some exciting teachers; you don't want to miss out!

Calls for Entry August 2025

Lots of opportunities!

Continuing our notifications for ways to display your quilts and textile pieces to a wider audience...For some great information from a veteran on how to get your work shown see this blog entry from Sue Bleiweiss <https://suebleiweiss.blog/2018/06/14/getting-your-work-out-there/> I also recommend this blog post from Lyric Kinard on how to choose venues to display your work - <https://lyrickinard.com/2019/05/showing-your-work-choosing-venues/>

Here are some suggestions for quilt entry photography from International Quilt Festival.

PHOTOGRAPHING YOUR QUILT FOR SUBMISSION

- Having a great photo of your quilt - straight on, in focus, not on a bed or held up showing hands and feet, super important. There is lots of great info on quilt photography on line. Google!

Entering shows is not difficult, but to begin here are a few guidelines: Always make sure you read everything in the call including the calendar, requirements, rules, etc.

- Especially the rules! Will save headaches and disappointment later on.
- Keep a record on your entries so you won't be caught with a quilt needing to go two places at once.
- Having to remove a quilt from a show or exhibit because you misread the exhibition dates is a no-no. Ask me how I know...
- Don't be intimidated or depressed by a rejection! There are lots of different reasons why a quilt doesn't fit into a specific show. It is usually not because your quilt is bad!

The calls below are just a sample of the many opportunities out there. For more search "Fiber Art Calls for Entry" or "Quilt Calls for Entry"

Philanthropy...

We have a Sew-in on September 6th and hope you will join us for a day of doing your own thing-working on any of your projects and maybe see a new idea or so. Bring your lunch and enjoy visiting your quilting friends. We are also reminding you that we are still collecting quilts for the Altadena fire victims. If you have a quilt to donate you can either bring it to our General Meeting at Sewing Arts on August 2nd or to the sew-in. We also have batting for your philanthropy quilts available by contacting Luann Jaffe. Looking forward to seeing you all at the General Meeting and the sew-in.

Glennis Dolce is a Los-Angeles based textile artist whose work blends traditional techniques with contemporary sensibilities. After a 30-year career as a porcelain product designer and manufacturer, Dolce transitioned from clay to cloth in 2006, focusing on shibori dyeing and Japanese textile arts. In 2007, she introduced her signature Silk Shibori Ribbon, which is now sold internationally, including through the Kyoto Shibori Museum and retailers in the U.S., France, and Italy. Dolce has taught workshops on shibori, indigo, and natural dyeing at the Japanese American National Museum, textile guilds across the country, and her home studio. She believes that hand-making is essential to a well-lived life and finds joy in nurturing creativity in others.

1. *When did you start quilting? Why?*

I've been quilting for about two years. I learned the basics from Susanne at Sewing Arts.

I've always been a sewing enthusiast and have sewn clothing as a young girl and for special occasions such as proms and dog costume contests.

2. *What types do you make?*

Being so new to quilting, I haven't made that many. I've sewn a few placemats for charity, and several queen- and king-sized quilts. My favorite so far was a quilt I made for my cousin's wedding two years ago.

3. *How often do you quilt? What time of day?*

As often as I can. Usually, it's in the middle of the day, but if I have a deadline for a gift, I will sew at night.

4. *Why did you join Westside Quilters?*

I joined Westside because it is a friendly group that shares the same interests I have.

5. *Who are your favorite teachers and lecturers?*

I'm still too new to have favorites.

6. *What are your favorite workshops or conventions in the past?*

Same – too new

7. *Where does your inspiration come from?*

My favorite aunt was addicted to quilting and that's where my interest came from. Unfortunately, she lived in Virginia so I had limited access to her amazing skills. It has only been since I retired that I've had to the time to do it. I do "toaster" quilting. I sew whatever "pops up" in my inbox!

8. *Tell us your favorite quilt story about receiving or giving a quilt.*

When my aunt passed away, I inherited over 30 quilts that she had made but couldn't part with. Of course, she made many more over her lifetime that she did give away to friends and family.

During the last of our conversations, she said that if she could, she would have gotten a U-Haul and taken it all with her! She loved her quilts and now I'm spoiled get to enjoy them.

Featured member continued....

I also crochet and recently took up knitting. The crochet afghan was started by my mother 35 years ago. I managed to find the pattern and enough yarn to finish it. It's probably the most important afghan I've ever worked on.

Westside Quilters Board Meeting June 21, 2025

Pat Karasick called the meeting to order on Zoom with Terrie Dorio, Sally Wright, Sonja Daniel, Karyann Ditmar, Debbie Nussbaum, Vicki Vaughn and Luann Jaffe in attendance.

There still has been no response from anyone to help fill in the position of President. Karynn reported one new member, Leslie Tuchman. The donation given to Sandra Lauderbach is going for her membership renewal and the rest of the donation will be to Westside Quilters. The budget will be in the July newsletter.

Sonja will be getting all of the membership information from Lisa Drew shortly. Currently we have 24 paid members and hopefully more to follow.

Pat let us know the sew in scheduled for June 14 had to be cancelled due to the protesting in Los Angeles.

Terrie and Vicki spoke to Kathryn Pellman regarding the books and information for workshops and speakers and will be meeting with her for more information. We will be dark for July. August quarterly meeting will be a trunk show from Barbara Danzi from the Modern Quilt Guild. September will be a sew in at the LAPD Pacific Station. October quarterly meeting will be Lynn Koolish on dying fabric. November is our annual Philanthropy workshop. December is our annual Holiday Tea (location to be determined). January 2026 a sew in. February we have Yungmen Lee on Zoom and hopefully September another sew in. Pat is checking on locations. There was discussion about monthly sew ins but that will have to be checked. We also had talk about having a fabric exchange or giveaway possibly in September.

Debbie as usually is doing a super job writing the newsletters. Articles are to be to her by the 25th of each month.

Our next board meeting is scheduled for July 26 on Zoom.

Sally reported the website is up to date and that she will update speakers and programs when there are finalized with contracts.

Editor's Note.....

We joke about what we might do to someone who would “accidentally” use our fabric scissors on paper, or on anything other than fabric....

It's true, my fabric scissors are sacred, only a quilter would understand this attachment. My fabric scissors are Wiss-Inlaid No.37, I inherited them from my beloved grandmother, the woman who taught me how to sew. She was a woman who understood the magic of scissors. The scissors have been in my possession since the late 70's, and they replaced the J C Penny's scissors that my mom had bought for me when all Junor High girls were required to take a Home Ec sewing class. I've put a lot of “yards”, maybe even miles on them and they still slice through fabric just like a knife going through soft butter!.

My mother-in-law gave me a beautiful pair of Wiss Pinking Sheares that she no longer was using. Once again, what an up grade from the ones I had been using! Just like cutting through butter! But to be honest I rarely use them.

Still on the subject of scissors, there have been a couple of pairs of old heavy 12-inch and 14-inch tailor's scissors in the family for as long as I can remember. They might be considered vintage if they had been cared for, but they have lived in the garage and are relegated to gardening and other stuff. Having used one pair recently to cut back some spent agapanthus leaves in my garden (these shears worked better than the garden pruners for this task), I made an observation. Tailors must have had a very strong Right or Left hand and arm to work with the scissors all day. These old 12-inch tailor's scissors are very heavy!!!

That brings use to today's modern rotary cutters, slices just like a hot knife through soft tub butter.

Thinking back, it's a good thing, my relatives and I were right-handed!

What are you cutting up these days?

Happy stitching.....
